Introduction to the Updated Firmware

Epson periodically provides firmware updates to enhance your projector features and to address issues of performance. Refer to these sections to learn more about the updated features within each firmware version.

▶ **Related Links**

- "Updates to User Operations (Version 1.10)" [p.4](#)

The following projector operations have changed in firmware version 1.10:

- The default passwords are no longer set for the following functions.
 - **Password Protect**
 - **Epson Web Control**
 - You must set a password for the following functions.
 - **Simple AP**
 - **SNMP**
 - **PJLink**
 - **Crestron Connected**
 - **Command Communication**
 - If the **Remote Password** and the **Web Control Password** have not been set, a screen prompting you to set these passwords is displayed when you select the **Network Settings** menu for the first time.

Default Password Settings

No password is set by default. When you use the following functions for the first time, follow the on-screen instructions to set a password.

Previous Password Settings (Version 1.00)

Function	Password	Default Password
Password Protect	Password	0000
Epson Web Control > Basic Control	Remote Password	User Name: EPSONREMOTE Password: Projector's serial number
Epson Web Control > other options	Web Control Password	User Name: EPSONWEB Password: Projector's serial number

You can check the projector's serial number on the following screens.

- **Management** menu > **Information**
- **Epson Web Control** screen

New Password Settings (Version 1.10)

Function	Password	Default Password
Password Protect	Password	None
Epson Web Control > Basic Control	Remote Password	User Name: EPSONREMOTE Password: None
Epson Web Control > other options	Web Control Password	User Name: EPSONWEB Password: None

Setting a Password

You must set a password. When you use the following functions for the first time, follow the on-screen instructions to set a password.

Function	Password
Simple AP	Passphrase
SNMP	Community Name

Function	Password
PJLink	PJLink Password
Crestron Connected	Password
Command Communication	Monitor Password

- You can only set the Monitor Password using Epson Web Control.
- If Command Communication fails after you update the projector firmware to version 1.10, set the Monitor Password or the Web Control Password.

Setting the Remote Password and Web Control Password

If the **Remote Password** and the **Web Control Password** have not been set, a screen prompting you to set these passwords is displayed when you select the **Network Settings** menu for the first time. Follow the on-screen instructions to set these passwords.
