EPSON Advanced Printer Driver for TM-T81

Version	Ver.4.59AUS
Uploaded date	2021/12/6 9:00
File size	53,969KB
Explanation	In addition to ordinary Windows printer driver functions, this driver has controls specific to POS.

[Changed from Ver.4.58AUS to Ver.4.59AUS]
[New support OS]
- Added support for Windows 11 21H2 (64 bit)
- Added Windows Server 2022

[Bug fix]
The following bungs are fixed:
- Fixed a bug that, when the status was checked with Status API right after printing, it returned the Power-off status.
- Fixed a bug that, at PC startup, the command responses from the printer may be processed incorrectly and therefore the printer remains unavailable.
- Fixed a bung that, when receiving response data divided from the command, the StatusAPI may not notify the application correctly.
