[Support Model]

- PP-100III
- PP-100II
- PP-100NII
- PP-100N
- PP-100AP
- PP-50II
- PP-50
- PP-50BD

4.Changes from the Current Version

Ver. 9.80

[Function Change]

- MAINTENANCE_BOX_FREE_SPACE is now supported in PP-50II, PP-100N, and PP-100NII.
- The bundled EULA has been replaced with the Discproducer 2024 version.
- Microsoft Visual C++ Redistributable Package has been updated to 14.38.33135.0.

[Bug fix]

- The problem below has been fixed:
In TD Bridge Ver. 9.60 or later, if approximately 300 JDF files were added to the Order folder at once, the program was abnormally terminated, displaying an error message.

Ver. 9.70

[Update of support model/OS]

- End of support for Windows 8.1.

[Function Change]

- EULA (End user license agreement) has been updated to the latest version.

[Bug fix]

- Fixed an issue where the ink status was not updated if the ink cover was opened or closed during printing.
